EXPERIENCE

Big Review TV

Spring 2018 - Summer 2018

Videographer + Director of Photography

My role as Big Review TV's Videographer primarily involves shooting commercial campaigns or promo videos for different local businesses in a creative and visually appealing way while collaborating with the on-set producer/presenter. Skills that I had to implement include image composition through camera operation, lighting setup, and overall communication skills to make sure that the clients were comfortable.

Raincity Boxing

Spring 2018 - present

Online Content Creator + Videographer

Raincity Boxing is both a local training facility and a YouTube channel that is promoting the lifestyle of their athletes. As their main Online Content Creator, my responsibilities are not limited to shooting/editing their YouTube content, but also to constantly keep myself in check with the current trends and analytics provided by YouTube.

CAC Education

Fall 2017

Content Director/Designer + Director of Photography

With CAC Education, I was given the tasks of creating educational content of teaching the Chinese language for younger viewers. My take on it involved designing a structure of family-friendly sketches and videos, along with light-hearted talkshows with kids.

Museum of Vancouver

FALL 2016

Documentary Film Director + Director of Photography

I directed a documentary film called Trust Your Passion, a story of the passion driven career of Chad Smith, a Video Game concept artist by day, and Wing Chun Kung Fu master by night in Vancouver. (Award Winning and selected by the Museum of Vancouver as a part of the Trust Exhibit.)

Jason Hartz Media + Maxtreme Studios

2016 - present

Wedding Videographer + Filmmaker + Director of Photography

I lead and direct a Media production team that produces different types of Media ranging from: Wedding/Events Videography/Photography, YouTube Short films, and commercial campaigns for local businesses.

EDUCATION

Simon Fraser University

2013 - 2018

BA Interactive Arts and Technology + Media Arts Concentration (Completed)

Interactive Arts and Technology focusses on designs of media based on User experience. In my case, I concentrated on the crafts of Media Arts in Videography, filmmaking, and Photography. My background also includes a foundation in visual design and interactive design.

Simon Fraser University

2011 - 2013

BSc Computer Science

Learned foundational computer science skills, including programming in python, visual basic, and java.
